

2016 CABERNET SAUVIGNON

ALEXANDER VALLEY

The 2016 edge Cabernet Sauvignon was sourced from premium Alexander Valley vineyards, specifically chosen for their high-quality fruit and tannin structure. Ray Signorello and his winemaking team have crafted a rich and luscious age-worthy Cabernet Sauvignon that will drink beautifully for the next 5-8 years.

APPELLATION: Alexander Valley

BLEND: 87% Cabernet Sauvignon
10% Cabernet Franc
3% Malbec

AGING: 18 months in French oak barrels

ALCOHOL: 13.9%

PRODUCTION: 11,200

TASTING NOTES:

The wine dazzles with an abundance of black cherry, black plum and black current aromas, with just a touch of dried rose petal, cedar box and allspice. The wine is a perfect balance of mouth watering black fruit flavors with a rich backbone of tannin.

HARVEST NOTES:

The near-perfect 2016 growing season began early and saw ideal weather conditions throughout. The crop was carefully thinned to ensure low yields and thanks to relatively mild temperatures in July and August, followed by a series of warm days toward the end of the growing season, the vineyards were able to progress to perfect ripeness.
